Dog owners have a duty of care to all site users and our farm stock. Dogs must be wormed and you MUST pick up after your dogs WHEREVER THEY FOUL. Bags must be placed in rubbish bins - not dumped in the hedges! Neospora Caninum found in dog faeces is responsible for an increase of abortions in cattle - approx 6000 cases in 1999! This figure rises each year. Your dogs must be kept on a lead AT ALL TIMES - even on surrounding fields. We will have no hesitation in asking irresponsible owners to leave the site.

Your admission to the site assumes you agree to abide by the simple rules, which will enable everyone to enjoy their holiday.
